PRESS RELEASE

Call For Entries--Project DMZ

Storefront invites you to participate in Project DMZ, an international project aimed at understanding the nature of human conflict through the generation of alternatives to the demilitarized zone between North and South Korea.

This project invites proposals for events, strategies, designs, objects, ideas and other forms of action taking place within the physical or conceptual framework of the DMZ, to generate a set of possibilities that could provoke the elimination of the DMZ through peaceful means.

Project DMZ is a forum inviting the participation of individuals of different generations, cultures and mediums of expression.

Registration will occur through mail to Storefront. The competition entry fee is \$15, and an information packet will be sent upon receipt of entry fee. Please make checks payable to Cultural Council Foundation/Storefront, and remit to the address below.

Schedule

September 15: Deadline for receipt of entry fee of \$15.

October 24: Completed projects due at Storefront.

Project DMZ will be exhibited at Storefront in November and December of 1988.

Thank you for your interest in Project DMZ.
